Re: In The Matter Of The Application Of Energy Auction House For A Certificate To Provide Electric Supply Services Within The State Of Delaware (Filed April 28, 2014) - PSC Docket No. 14-151

Dear Ms. Langbert:

The Delaware Public Service Commission ("Commission") is in receipt of the application by Energy Auction House for certification to broker electric supply services in Delaware. In order to recommend approval of the application, additional information is necessary as indicated below. Staff would appreciate a response at your earliest convenience, however 26 *Del. Admin. C. § 3001* (the "Supplier Rules") section 2.4 provides that incomplete applications will be closed four months after the filing date, which would require a response prior to August 28, 2014.

- 1.) A signed, notarized verification of all the information submitted by the Company as part of the Application.

Section 2.1.1.4 of the Supplier Rules provides as follows: **Any Broker arranging the purchase of Electric Supply Service must procure electricity from an entity that complies with PJM's requirements and is a Certified Electric Supplier in the State.** Staff reminds the Company, that upon receiving certification it must comply with this section of the Supplier Rules.

Please provide an original and five copies (Staff will reserve the right to request the additional five copies, if necessary) of the requested information.

Thank you for your attention to this matter. Please do not hesitate to contact me at (302) 736-7534 or by email at toni.loper@state.de.us should you have any questions, or if I can be of any further assistance.

Sincerely,

Toni Loper
Public Utility Analyst
